#### II. EXECUTIVE DIRECTOR'S REPORT

L. NASHUA

- a. Lisa Nashua's report was sent to the Committee with the rest of the meeting materials.
  - i. SWAP MEET UPDATE
    - 1. She mentioned that the numbers are tracking behind last year's figures. VP Dominguez, Dr. Gebru, and Lisa met to discuss the location to move forward with the permit. The parking structure is not suitable, leading to consideration of returning to the open lot in front of the Sci Tech building and the library.
      - a) Anna Le asked if she could bring this to the Senate, as they have classes on Saturdays and they don't want it to interfere with students accessing the Sci Tech building.
      - b) The parking structure's issues are due to the surrounding community. They could end up with the same issues that they're having across the street with the community right now.
        - 1) Lisa also mentioned that the vice presidents have met and are evaluating concerns and addressing them.
        - 2) Lisa will follow up with VP Dominguez to determine if further mitigation is needed. She will also be contacting Philip Dane to update him on the current situation regarding the move and permit.
      - c) President Gebru mentioned that the VP will review this matter and get back to him and next step is to have a conversation with the Academic Senate President Anna Le and the Union President, Christine Park about this matter and if there's going to be an impact on the academic side. This is not an easy task. However, they're doing what they can to make sure that there will be no concerns with the faculty, staff and students.
    - 2. Overall, the swap meet was down by \$18,568.00 than last year.

- a) The Swap Meet commission for January 2025 was \$14,853.00 for both Saturday and Sunday.
- b) The year-to-date total is \$14,853.

#### ii. MAJOR DONORS

- 1. Lisa went over some of the highlights of her major donors' report.
  - a) She mentioned that Robert Schwarz has contacted David Ambroz to join the Guardian Scholars Working group. She thinks that Bob Reeves has provided the Board with information about the group.
    - 1) Lisa needs to talk to Dr. Diaz and Dr. Gebru about the working group. They need to discuss the group's understanding of their role as support for the program and their invasive approach. It is crucial for them to understand their role as supporting and helping move the initiative forward.
    - 2) Ed Dilkes made some comments about how the Guardian Scholars Program is not being conducted as expected and believes that the Foundation should take the program back and determine how to run it independently at budgetary and administrative decisions. Failure to do so could negatively impact the program. Lisa went on to mention the challenges faced by the program after the Pandemic since many of the students are remote and the program is in-person making it not as accessible.
    - 3) Lisa reminded the Committee that the college has a new VP who is working on the program, and it is fair to allow her time to work with Nikki Harrison. The program is part of EOPS, but it is not a separate program as it benefits the community college population. The VP should determine where the program fits.
  - b) Lisa reported that Dr. Gebru reached out to Jeremiah to attend a game with him. He was invited to by Kaiser Permanente. Tom Burley and Lisa are working to find the best fit for a proposal to Chick-fil-A. Mr. Cillpam has agreed to nominate LACCF. The estimated amount of the proposal is between \$150K to \$200K.
  - c) She also reported that she finally spoke with Dennis Gilbert and he's doing much better health wise. He's currently at spring training in Arizona and will set up some time to meet in April.
  - d) Supervisor Hilda Solis will be on Campus tomorrow Wednesday, February 26<sup>th</sup> to provide emergency distribution with LACC Student Life. She will speak along with the Head of the LA Food Bank and Dr. Gebru.
  - e) The LACCD/LACCF agreement has been approved.

    - 2) She has already completed an initial review of all documentation and supporting documents to ensure no potential issues arise in the future.

    - 2) Daren started a conversation with Costco contact, and she learned that Costco also provides grants. They aim to secure Costco's support for the food pantry.

I. CALL TO ORDER R. SCHWARTZ

a. The meeting was called to order at 3:00 P.M.

#### II. DISCUSSION AND VOTE ON A PROPOSED REVISION TO THE SWAP MEET REVENUE SPLIT

- a. Robert discussed the current revenue split and the situation with the swap meet. The swap meet is currently experiencing a drop in revenue due to street vendors and Phillip Dane is feeling overwhelmed. Last month, the Foundation had \$14,000 in revenue, which is lower than a normal month of \$40,000. Phillip had discussed moving to another space, but the administration decided it couldn't work due to quad construction. They suggested returning to the other space, which was discussed a week ago.
  - i. In a previous meeting, Robert Schwartz asked Joe Dominguez if the swap meet could move to a new space in the next three weeks and he said yes. However, at last week's meeting his answer was that he didn't know yet.
  - ii. Phillip Dane requested a similar approach to Newport Diversified, where the revenue was cut down to 25% to get the swap meet back up and running. Robert mentioned that Phillip has suggested moving the swap meet outside of LACC, while Robert believes that if Phillip does that it's unlikely that the Foundation can find another vendor if we lose him. Phillip Dane thinks that moving to the open area by the Sci-Tech building would alleviate the issue with the street vendors.
    - 1. Phillip, who has a detailed plan for the space, suggests reducing the split to 25% until he moves and continuing it for three months after. This arrangement was considered and a motion to accept it was entertained.
    - 2. Ed Dilkes moved to accept the arrangement of reducing the split to 25% until it moves to the new location and continuing it for three (3) months after the move.
      - a) Mary Hoffman seconded the motion
      - b) Motion Passed MSP
- b. The Committee further discussed this matter as well as the possibility of having the Foundation run the swap meet.

First Name	Last Name	Notes
		Peter attended the reception and would be open to engagement. Want to feature in planned giving material. Reach out to discuss providing testimonial in a video
		I funds allowed a match for gift. Once he heard about the match
		for Give A Credit, he was hoping this would be possible or his donation.
		Robert reached out to said to join the Working Group. reached out via email to welcome him said he wished to help, but he is putting everyone through the paces with a review of past work, beyond current staffing. He is not helpful or supportive of the GS program. Claims that is not ready to support the LACC GS program.
		Follow-up meeting regarding financial planning and estate planning attorney.
		Contact regarding programming to get music students excited about Occidental College. Tours, program attendance any longer-term event or workshop and promotional video. Aim for \$40,000 year in support.
		Sent summary/proposal for consideration. We will need him to nominate LACCF for submission. Working to determine at which level LACCF is best suited - local or national. Potential \$125,000 - \$150,000
		Request put in for pickup of refrigerator and hood to facilitate final GIK. Estimated \$10K for chemical hood and fridge.
		Received second payment - \$5,859 balance of their \$10,000 commitment to the Scholarship endowment.
		Marji requested nothing to be done – no request for honorary degree. Stop any process.
		Finally spoke with the donor. He is doing much better - he is at spring training in AZ. We will set up a time to meet in April. Spring training does not end until March 24th. Check in to schedule meeting.
		Checking in with donors, she is interested in adding to their endowment. Potential \$10,000.
		checked in to schedule meeting with his wife and mother-in-law regarding the scholarship endowment to honor his father-in-law. They were out of the country taking care of family. Potential \$10,000
		Is interested in including LACCF in his estate plan. Potential two-life CRT. Working to see if he wants to fund it with a donation of his home. Ensured follow-up meeting after the most recent Estate workshop, as he had not heard from the financial planner when we last spoke.
		Provided a list of LACC alumni working/significant artists per donor's request. Sent photos of status of quad construction. Will work with Joe Dominguez to call a meeting of the art committee to garner suggestions for last piece.
		All art pieces sold. December 3rd sale totaled \$5,140 (gross w/ \$3,230 net) with second sale in January for unframed pieces totaling \$1,632 for a grand total of <b>\$4,862</b> in proceeds received for sale the by Clark Fine Art.
		Discussion and development of Psychology Internship Program to present to donor. Two concepts - the first focuses on the new Social Work ADT (transfer) which is something that will resonate with the donor. Send includes social work and Addiction studies (we don't think this is the ideal fit). Proposal aims for \$1.5 million commitment to fund \$50,000 fieldwork/internship program w/ stipends. Currently, students must ID their own internship opportunity, not expect to get paid and the program sees 10-15% enrollment drop in the capstone fieldwork class.

Excellent Program with donors attending – followed up with Lee Broda to ensure meeting with financial planner and attorney is set up. Ron Kendis also wanted to ensure the follow-up appointment was scheduled – he is eager to figure out his finances.
